Rigid axles - VR7

knott.pl

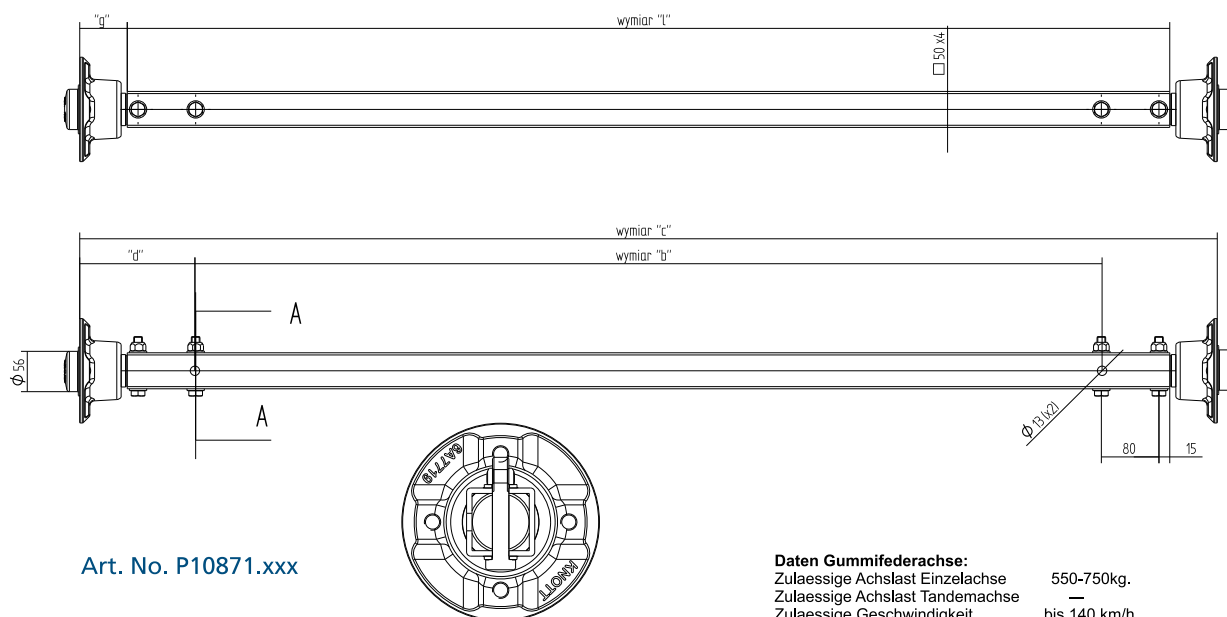

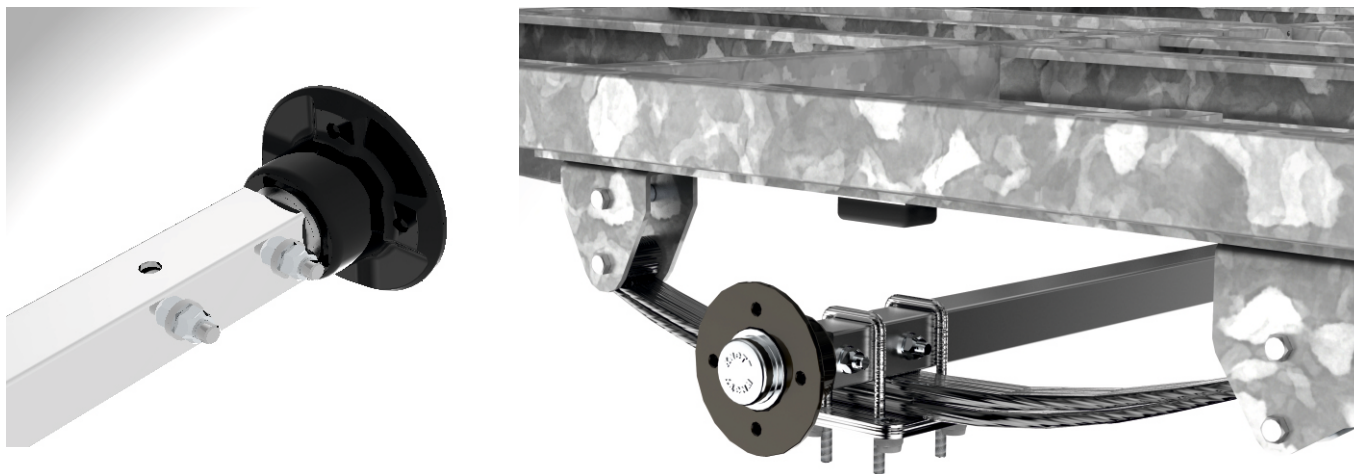

Dear Sirs,

Now we can offer rigid axles up to 750kg dedicated for use with a leaf springs suspension.

The offered axes are characterized by high durability, and thanks to the hot-dip galvanized body they are resistant to weather conditions and corrosion.

The axles are offered in the version with connection of 98x4, 100x4 and 112x5. They are suitable for use with the most popular leaf springs on the market. Fixed to the springs using stirrups. Proper position in relation to the frame is assured by centering hole into axle body.

Art. No. P10871.xxx
