Storage boxes

knott.pl

Dear Sirs,

Below we present the tool boxes that we have in our offer.

Tool boxes from the Italian manufacturer DAKEN are popular and practical equipment for semi-trailers, car carriers and other utility trailers.

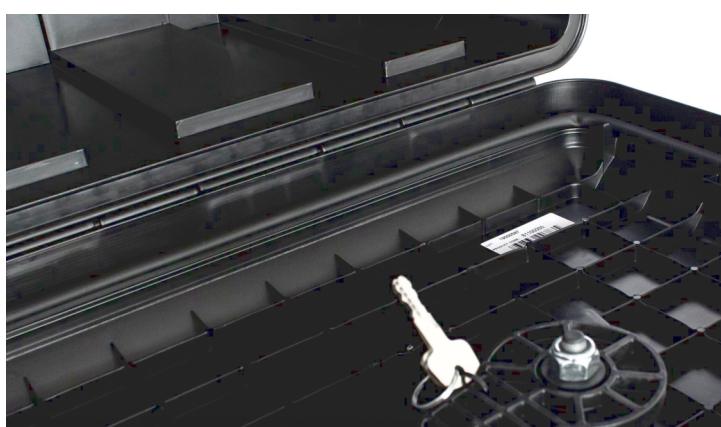

The offered boxes are very practical and spacious. They are a great solution for storing tools and transport belts. You can safely transport tools, transport belts, wedges and other accessories needed for transport.

The boxes offered are equipped with cylinder locks that ensure security against theft, which is important when the vehicle or trailer is parked.

The boxes are offered in two color versions. The first one is made of unpainted stainless steel, and the second is additionally powder coated in black. Each of the versions is offered in several dimensional variants, thanks to which we will certainly meet your tastes.

The boxes are very durable and provide dust and moisture protection at the IP59K level, which is extremely important due to the conditions in which they will work.
