Parking brake lever

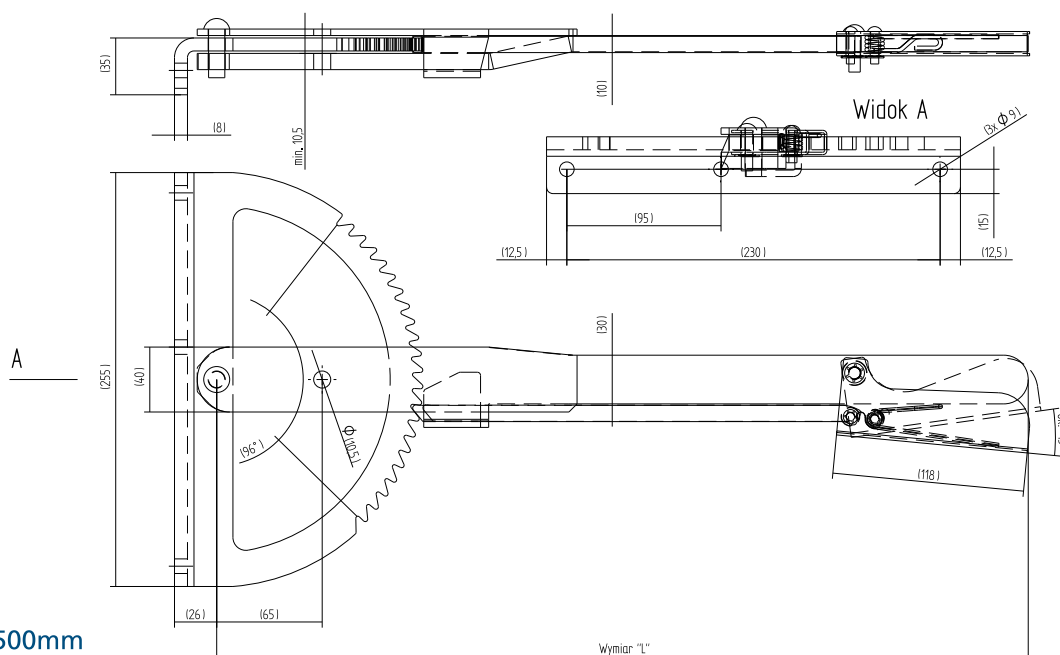

knott.pl

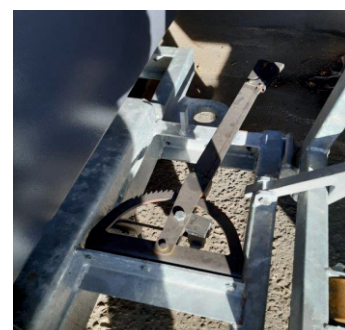

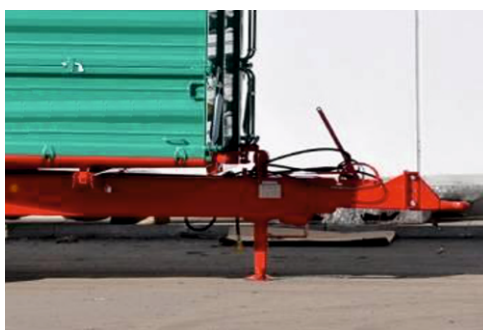

Dear Sirs,

below we present the proposition of the parking brake lever, which can be easily adapted for use in individual solutions of slow-moving trailers or agricultural trailers. The lever is protected against corrosion by means of anti-corrosive paint. This layer allows you to apply your own color without sanding the elements. The brake is locked with a gear that can be easily "released" using a handle mounted on the handle.

Art. Nr 727155.002 L-500mm

Art. Nr 727155.004 L-600mm

Wide range of use in agricultural trailers, internal and special transport, e.g. airport carts.
