Foldable wheel chock - Origamy 36

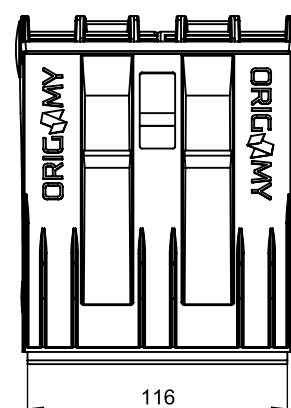

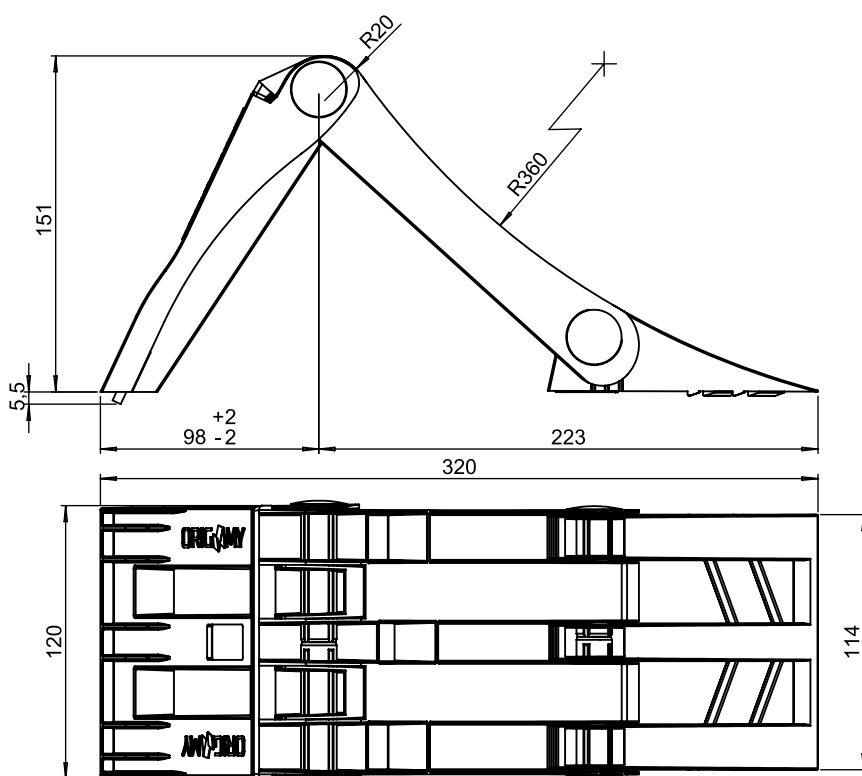

knott.pl

Dear Sirs,

we present the latest version of the wheel chock, which has been added to our offer. This wheel chock is characterized by the possibility of folding, thanks to which it takes up less space and is easier to store when not in use. Together with the wheel chocks, we offer a wheel chocks support. It is compact and allows both wheel chocks to be mounted when folded.

Art. Nr PX0155.001

The presented wheel chocks solution meets the requirements of the DIN76051 standard for wheel chocks for vehicles and car trailers.

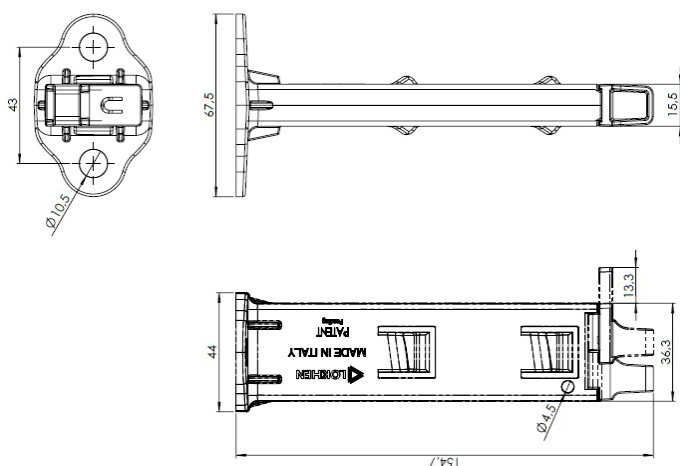

The design and solutions of the wheel chocks are patented and registered by the manufacturer.

The unique solution allowed to minimize the weight of the wheel chocks, which is only 230g.

The offered product is compatible with all car trailers on the market.

It is extremely resistant to weather conditions and mechanical forces, and at the same time safe to use.

The Origamy 36 wheel chocks successfully passed tests with a maximum load of 3200 kg at an inclination of 18%, which is a very good result compared to other wheel chocks available on the market.

Thanks to its compact shape and the possibility of complete folding, Origamy 36 allows you to easily optimize the space in each vehicle.

Thanks to the wheel chocks bracket, the end customer saves space in the trailer.

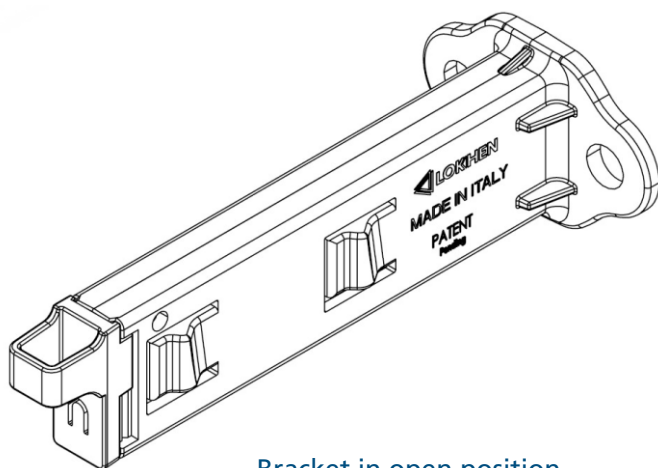

The wheel chock support is offered in two versions, allowing the installation of 1 or 2 folding wheel chocks - the user has maximum freedom of installation.

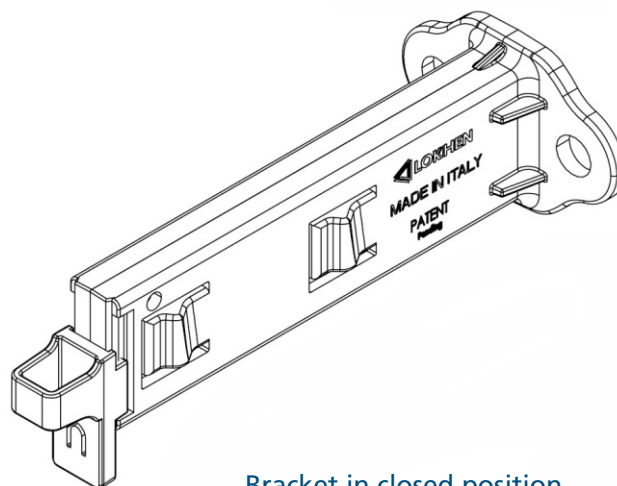

Art. Nr PX0156.001

The wheel chock support for two wheel chocks is equipped with special latches that lock each wedge.

In addition, the wheel chocks are protected against accidental release by a special latch closing the wedge bracket.

Bracket in open position

Bracket in closed position

The offered wheel chocks are characterized by very high aesthetics and unique design.

The folding wheel chock solution in O2 category trailers is rare and certainly such an element will attract the attention of the final customer.

We encourage you to familiarize yourself with our offer, which is certainly very interesting for each of you.

Wheel chocks not only encourage with their appearance, but are also competitive when it comes to price.

Detailed information about the products is provided by the KNOTT Sp. z o.o.
