Winch up to 400kg

knott.pl

Dear Sirs,

we would like to present you a winch with a belt designed for a maximum load of 400kg. The offered winch is one of the smallest in our offer and is ideal for moving loads on a trailer. It is made of high-quality materials, thanks to which it ensures high quality, durability and comfort during use.

The offered winch is supplied with a strap 50mm wide and 4.6m long.  
The belt is finished with a hook.

Winch up to 400kg

Art. No 6S6169.002

The winch is protected against corrosion by organic coating - Electrocoat. In addition, some elements are powder coated. This combination gives a very good final effect and ensures high aesthetics of the product.

The winch is single speed and has a gear ratio of 3.1:1

Art. No 6S6300.001

The presented winch is offered complete with a 4.6mx50mm belt.

The belt is finished with a hook, which makes it easier to attach the load. The load capacity of the hook is.

Of course, the belt can be purchased separately depending on your needs.
