Anti-theft device for KS25, KS30, KS35

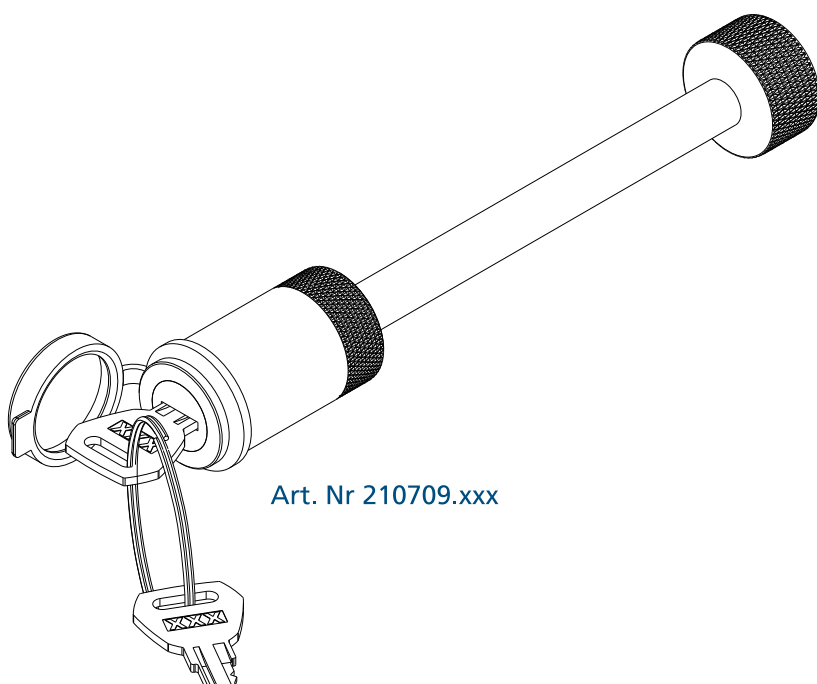

knott.pl

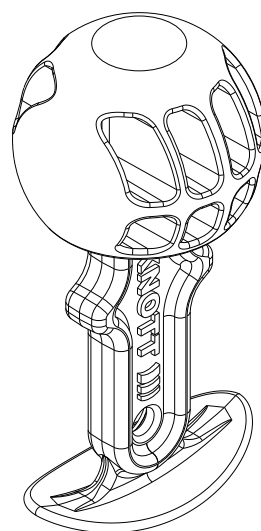

Dear Sirs,

we would like to present a security device dedicated to our stabilized couplings. KS25, KS30 and KS35. The safety device is compact and it is very easy to install it in the coupling in a special hole provided for this purpose. After installation, the pin prevents from opening the coupling head, thanks to which your trailer is safe.

The offered anti-theft protection comes complete with two keys and a plastic ball - KSB50.

Art. Nr 210709.xxx

Art. Nr 203467.001

The set of keys and the cylinder are numbered, so that even if the key is lost, it can be purchased with an individual number of the lock cylinder.

Below, in the table, all the available anti theft devices and information for which coupling heads they are compatible.

Art. Nr Art. No.	pasujacy do suitable for	zabezpieczenie anti thief device
210174.004	Cast couplings	210709.004
210174.003	Sheet metal couplings	210709.003
210174.002	KS 25/30/35	210709.002
210174.001	KS 25/30/35	210709.001

Detailed information about the products is provided by the Trade Department of KNOTT Sp. z o.o.
